**RE: VETERINARY IMPORT PERMIT FOR ONE (01) DOG FROM FRANCE INTO
UGANDA**

Reference is made to your application of 19th July, 2021. Permission is granted to you to
import one (01) dog from **France** into Uganda.

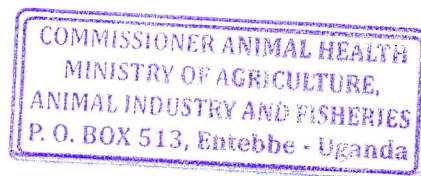

The details of the dog are as follows:

| NAME | BREED | COLOUR | SEX | DOB/AGE |
|---|--------------------------|-----------------------------------|------|---------|
| Olympe De Valen Des Serps | Berger Bazge Halinois | Dark brown body and black face | Male | 3 years |

The importation is subject to the following conditions that are to be fulfilled by the
importer;

- 1 The dog should be free from rabies and have been vaccinated against Rabies
disease and be accompanied by rabies vaccination certificates signed by state
Veterinary administration of **France**
- 2 The dog should also be free from the following diseases among others:

- Canine distemper,
- Canine hepatitis,
- Canine para-influenza,
- Canine leptospirosis,
- Canine parvovirus,
- Canine coronavirus,
- Rotavirus,

Handwritten signature and date:
19/07/2021

- Adenovirus type 2,
 - Bordetella
- 3 The dog should be free from external and internal parasites.
 - 4 The dog should be examined clinically 48 hours prior to departure and issued an international Veterinary health certificate by the state veterinarian.
 - 5 A copy of this permit should accompany the consignment.
 - 6 The dog should be conveyed in a manner that is humane, should not be exposed directly to other animals up to the final destination in Uganda.
 - 7 The importer should notify the commissioner Animal Health of the expected time of arrival at the destination Port of Entry through e-mail, Fax and telephone. On arrival, the Veterinary Inspector on duty should be notified since the dog should not be released without his/her examination and written permission in form of a bio-safety release certificate (see Telephone contacts below).
 - 8 The Port of final destination is **Entebbe International Airport**.
 - 9 This import permit is valid for **two (02) months** from the date of issue.
